## Highlights of China

China, one of the four oldest civilizations in the world, has a written history of 4,000 years and boasts rich cultural relics and historical sites.

Inventor of compass, paper, gunpowder and printing. The Great Wall, the Grand Canal and the Karez irrigation systems are three great ancient engineering projects built 2,000 years ago. Now they are the symbols of the rich culture heritage of the Chinese nation. China has gone over a long history of primitive society, slavery society, feudal society and semi-feudal semi-colonial society and the present socialist society.
